Main Features of this Decoder

- Back EMF Load Compensation for superior slow speed control even with heavy loads.
- **<u>Quiet Drive</u>** creates **SUPER QUIET** engine performance.
- <u>Autodetect</u> for realistic throttle response when using DC power.
- **Dimmed Brightness** of bulbs or LEDs is adjustable.
- Variable Momentum lets you make custom acceleration curves.
- <u>Ditch Lights:</u> control alternating ditch lights with realistic pulsing.
- Mars, Gyra, and Rotary Beacon are adjustable.
- <u>Decoder Lock</u> for programming same address decoders independently.
- <u>Function Remapping</u>: 13 buttons for most lights, 7 buttons for operations.
- Other Features of This Decoder: This decoder has too many features that could be listed on this page. For the complete list of available features, print out the "Additional Programing Guide" that can be found in the literature section of our website (www.tcsdcc. com). Some of the features include: Function Remapping, 3 Point Acceleration/Deceleration Curves, Button Control of the Motor, Loadable Speed Tables, Various lighting effects, decoder lock and many more.

WARRANTY PROCEDURE: All decoders are covered by a one year goof proof, no questions asked warranty.

- 1. You MUST register the failed decoder on our website at <u>www.tcsdcc.com</u>. If you do not have access to a computer you MUST call to register your warranty at: (267) 733-3408
- 2. Print out a copy of the Warranty Registration and include it in the box with the decoder(s).
- 3. Return decoder(s) directly to us using the address below.

*** Please return decoder in a small box. ***

Compatible with NMRA DCC standards.

Made by TCS in the USA.

Train Control Systems P.O. Box 341 845 Blooming Glen Rd. Blooming Glen, PA 18911

Phone **215-453-9145** Fax **215-257-0735** Email **tcs@tcsdcc.com** Web **www.tcsdcc.com**

Our Famous GOOF PROOF NO Questions Asked Warranty

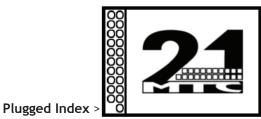

EU821 674

Scale	Functions	Function Rating	Continuous/Peak
НО	8	100 mA	1.0 /2.0 Amp

Dimensions: .797" x .614" x .198" or 20.24mm x 15.58mm x 5mm

This full featured BEMF, 8-function decoder is designed for HO-Scale locomotives equipped with a MTC 21-pin connector. Included is our auto-adjusting BEMF for outstanding slow speed performance and hassle free set up. Also includes Quiet Drive for super quiet engine performance. The EU821 is compatible with the MTC 21-Pin and NMRA 21-Pin Standards. NOTE: This is a bottom entry connector.

DECODER DIAGRAM

This decoder has 8 lighting function outputs.

INSTALLATION

For detailed installation pictures visit our website where we maintain a constantly growing database of a wide range of locomotives and decoders.
